

SCIENTIFIC RESEARCH AND ACTIVITY IN FEMALE URINARY INCONTINENCE AND PELVIC ORGAN PROLAPSE

ACOG 98-00355 The Closed Burch-M.M. Procedure Outpatient, for Treatment of Genuine Stress Urinary Incontinence with No Laparoscopy by Newly Invented Bladder Saver Device.

December 10, 1997 OUTPATIENT BURCH PROCEDURE

This Scientific Work was selected for Presentation at the 46th Annual Clinical Meeting of American College of Obstetricians And Gynecologists.

February 2, 1998 OPD BURCH PROCEDURE

Dear Dr. Samimi:

Congratulations on the acceptance of your abstract for presentation at the Annual Clinical Meeting of the American College of Obstetricians and Gynecologists. I wish to inform you that **Primary Care Update For OB/GYNs** has agreed to publish all of the abstracts presented at this meeting. This journal is considered a **peer** review journal, accordingly, citations in the journal may be listed in your Curriculum Vitae. Publication of your abstract in this forum *usually* will not preclude submission of the full-length manuscript to another journal. Prior to agreeing to publications of the abstract, however, please review the specific instructions to Authors for the journal to which you plan to submit your manuscript.

Sincerely,

P. D., M.D.

Committee on Scientific Program

December 4, 1998 THE OUTPATIENT BURCH SLING OR DS PROCEDURE FOR
THE TREATMENT OF STRESS URINARY INCONTINENCE
WITH NO LAPAROSCOPY

Was Presented to **E. T., M.D.**, Professor, Department of Urology University Of California, San Francisco

December 22, 1998

Dear Dr. Samimi:

I wish you the best luck in popularizing your technique and approach, as this definitely has some merit over other vaginal suspension procedures.

My very warmest regards and best wishes for the holiday season.

Sincerely,

E. T., M.D.

Professor of Urology

UCSF

May 25, 1999

Dear Dr. Samimi:

On behalf of Huntington Beach Hospital, I would like to extend our sincere appreciation for your lecture. "*The Most Advanced Technique for Female Urinary Incontinence*" presented on May 6, 1999. The program was very interesting, informative, and was well received by the audience.

CME Program Chair

June 24, 1999

Dear Dr. Samimi:

On behalf of the medical staff members of *Fountain Valley Regional Hospital* who attended your lecture, "*FEMALE URINARY INCONTINENCE: New Techniques for Out-Patient Treatment*", on Friday, June 24, 1999, thank you very much for the presentation.
