Dear Dr. Samimi,

On behalf of Huntington Beach Hospital, I would like to extend our sincere appreciation for your lecture, "*The Most Advanced Outpatient Technique for Female Urinary Incontinence*" presented on May 6, 1999. The program was very interesting, informative, and was well received by the audience.

With programs such as yours, participants maintain and/or increase their knowledge and professional performance toward the ultimate goal of improved patient care. Thank you for your time in preparing and presenting this topic for our Grand Rounds program. We greatly appreciate your input.

Sincerely,

S. R., M.D. -
