SUBJECT: OB-GYN Grand Rounds at Harbor-UCLA: February 10, 2003

Dear Dr. Samimi,

Thank you so much for agreeing to take time from your busy schedule to give Ob-GYN Grand Rounds at Harbor-UCLA Medical Center on February 10, 2003. As you suggested, we have entitled your talk **“Outpatient Burch-Sling Procedure: A Nerve Sparing Method for Correction of Female Urinary Incontinence”**

We can usually expect a group of between 40-60 Ob-GYN residents, faculty, staff and local private practitioners to attend. Grand Rounds are held in the first floor Assembly Room starting at 9:45 a.m. If you could come 15 minutes early, we could help you set up your slides and treat you to coffee and refreshments. Your talk should last 45-50 minutes which will provide us about 10-15 minutes for questions and answers. Enclosed you will find a map directing you to Parking lot “B” or “C” which is the visitor/patient parking lots.

Please forward a copy of your CV and a completed conflict of interest statement for our records as well as 3-4 objectives of your talk if you have any handouts, please send them to me and they will be photocopied for our attendees. Please let us know if you plan to use 35mm slides or computer projector and the type of computer you need to support. If you have any questions, please feel free to call me at (310) 222-3871. Thank you again.

Sincerely,

A. L. N., M.D.
